

Emerald People's Utility District Solar Electric Program - Residential

Residential Solar Electric Incentive:

- ☀ Incentive, up to \$10,000, based on installed DC capacity
- ☀ \$2.00 per watt

Tax Credits:

- ☀ State: \$3.00 per watt, up to \$6,000 (\$1,500 per year claimed for 4 years)
- ☀ Federal: 30% of net installed cost, up to \$2,000

Example for a 2,000-watt system

\$18,000	Total installed cost
<u>-\$4,000</u>	\$2.00/watt EPUD incentive
\$14,000	Amount homeowner pays to contractor
<u>-\$6,000</u>	Oregon tax credit (\$3.00/watt)*
<u>-\$2,000</u>	Federal tax credit (30% of \$14,000)*
\$6,000	Final net cost to customer

* Tax credits have been capped.

System costs vary and depend on size. Typical systems range from \$8-\$10 per watt.
