SCHEDULE 4 RESIDENTIAL SERVICE

AVAILABLE:

In all territory served by Emerald PUD

APPLICABLE:

Single-family residential customers only for all single-phase electric requirements when all service is supplied at one point of delivery. Poly phase service will use Price schedule 25.

MONTHLY BILLING:

The monthly billing shall be the sum of the following charges:

Customer Charge:	\$10.00 per month
kWh Usage:	\$.0716 per kWh for all kWh

MINIMUM CHARGE:

The minimum monthly charge shall be \$10.00 unless a higher minimum may be required under contract to cover special conditions.

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from minimum monthly charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

Original 5-28-02 eff. 6-01-02
Revised 7-24-07 eff. 9-01-07
Revised 4-28-09 eff. 6-08-09

**SCHEDULE 4H
RESIDENTIAL SERVICE
NOT VALID AFTER JUNE 1, 2009**

AVAILABLE:

In annexed Halsey service territory

APPLICABLE:

Reserved for customers purchased from PacifiCorp in June 2002. Customers shall receive a special rate beginning June 1, 2002 with no price changes until June 1, 2009. If a customer moves from the address, the new customer will be billed on the appropriate Emerald Price schedule.

MONTHLY BILLING:

The monthly billing shall be the sum of the following charges:

Customer Charge:	\$6.00	per month
Energy Charge:	\$.025	per kWh for all kWh
Distribution Charge:	\$.005	per kWh for all kWh

MINIMUM CHARGE:

The minimum monthly charge shall be \$6.00 unless a higher minimum may be required under contract to cover special conditions.

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from minimum monthly charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

**SCHEDULE 4S
RESIDENTIAL SERVICE**

AVAILABLE:

In Springfield Oregon City Limits only for existing SUB customers transferred to Emerald PUD

APPLICABLE:

Reserved for customers previously served by Springfield Utility Board and transferred to Emerald PUD. If a customer moves from the address, the new customer will be billed on the appropriate Emerald Price schedule.

MONTHLY BILLING:

The monthly billing shall be the sum of the following charges:

Basic Charge:	\$9.00 /month, PLUS
kWh Usage:	\$.0463 /kWh (kilowatt hour)

MINIMUM CHARGE:

The minimum monthly charge shall be \$9.00 unless a higher minimum may be required under contract to cover special conditions.

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from minimum monthly charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

EMERALD PEOPLE'S UTILITY DISTRICT

SCHEDULE 14
OUTDOOR AREA LIGHTING SERVICE

APPLICABLE:

For outdoor area lighting service furnished primarily to illuminate property from dusk to dawn by means of Emerald-owned luminaries which may require extension of the existing primary distribution system or construction of underground service. The customer shall pay the estimated costs of primary distribution line extension or underground construction. Luminaries shall be mounted on Emerald-owned wood pole or other approved structure and served in accordance with Emerald's specification as to equipment and installation.

MONTHLY BILLING:

<u>Type of Luminaries</u>	<u>Nominal</u>	<u>Lumen Rating</u>	<u>Monthly kWh</u>	<u>Price</u>
Mercury Vapor - 175 watt		7,000 *	76	\$15.15
Mercury Vapor - 400 watt		21,000 *	176	\$25.40
Mercury Vapor - 1000 watt		55,000 *	412	\$51.10
High Pressure Sodium - 70 watt (1)		5,800	31	\$ 8.70
High Pressure Sodium - 100 watt		9,500	44	\$ 9.55
High Pressure Sodium - 150 watt (1)		16,000	66	\$10.68
High Pressure Sodium - 200 watt		22,000	85	\$14.85
High Pressure Sodium - 250 watt (1)		27,500	110	\$17.63
High Pressure Sodium - 400 watt		50,000	176	\$24.08

* NOTE: No new installations

CHARGES INCLUDE: An energy rate at 3.360 cents per kWh, and a utility maintenance & ownership fee.

(1) To standardize and keep costs down new installations of these wattages will no longer be installed effective June 8, 2009.

SPECIAL CONDITIONS:

Maintenance will be performed during regular working hours as soon as practicable after customer has notified Emerald of service failure.

Schedule 14 - Page 2

OUTDOOR AREA LIGHTING SERVICE

Emerald reserves the right to contract for the installation and/or maintenance of lighting service provided hereunder.

The customer may request temporary suspension of power for lighting by written notice. During such periods, the monthly Price will be reduced by Emerald's estimated average monthly relamping and energy costs for the luminaries. Emerald will not be required to reestablish such service under this Price schedule if service has been permanently discontinued by customer.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

**Under 50 KW, Single Phase Service
GENERAL SERVICE**

APPLICABLE:

To customers whose major use of electric service is for single-phase purposes, whose entire electric service requirements are supplied and whose loads have never registered 1,000 kW or more, more than once in any consecutive 36-month period. Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed. Service for intermittent, partial requirements, or highly fluctuating loads, or where service is seasonally disconnected during any one-year period will be provided only by special contract for such service.

MONTHLY BILLING:

The monthly billing shall be the sum of the following charges:

Customer Charge:	\$10.00	per month
kWh Usage:	\$.0770	per kWh for all kWh

*Note: Under 50 kW accounts are those that have not registered 50 kW or more as computed from the readings of Emerald's demand meter at least once during the prior 12-month period.

GENERAL SERVICE Price Schedule 25

MINIMUM CHARGE:

The minimum charge shall be \$10.00 unless a higher minimum may be required under contract to cover special condition.

SPECIAL CONDITIONS:

Customer shall not resell electric service received from Emerald under provisions of this schedule to any person, except by written permission of Emerald and where customer meters and bills any tenants at Emerald's regular tariff Price for the type of service which such tenant may actually receive.

GENERAL SERVICE:

All service not qualifying for other specific Price schedules.

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from monthly minimum charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

TERM OF CONTRACT:

Emerald may require the customer to sign a written contract that shall have a term of not less than one year.

**Over 50 KW, Poly Phase Service
GENERAL SERVICE**

APPLICABLE:

To nonresidential customers whose entire electric service requirements are supplied and whose loads have never registered 1,000 kW or more, more than once in any consecutive 36-month period. Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed. Service for intermittent, partial requirements, or highly fluctuating loads, or where service is seasonally disconnected during any one-year period, will be provided only by special contract for such service.

MONTHLY BILLING:

The monthly billing shall be the sum of the following charges:

Customer Charge:	\$30.50	per month
Demand Charge:	\$ 3.72	per KW for all KW
kWh Usage:	\$.0614	per kWh for all kWh

*Note: Over 50 kW accounts are those that have registered 50 kW or more as computed from the readings of Emerald's demand meter at least once during the prior 12-month period.

GENERAL SERVICE

Price Schedule 25T

MINIMUM CHARGE:

The minimum monthly charge shall be \$30.50 for over 50 kW customers.

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain unity power factor as nearly as practicable. The District reserves the right to measure such power factor at any time. Should such measurement indicate that the average power factor is less than 97%; the demand for billing purposes may be increased by the percent, which the average power factor is less than 97% lagging.

DEMAND:

The kW shown by or computed from the readings of Emerald's demand meter for the 30-minute period of customer's greatest use during the month, determined to the nearest kW.

SPECIAL CONDITIONS:

Customer shall not resell electric service received from Emerald under provisions of this schedule to any person, except by written permission of Emerald and where customer meters and bills any tenants at Emerald's regular tariff Price for the type of service which such tenant may actually receive.

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from monthly minimum charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

TERM OF CONTRACT:

Emerald may require the customer to sign a written contract that shall have a term of not less than one year.

**EMERALD PEOPLE'S UTILITY DISTRICT
SCHEDULE 41
AGRICULTURAL PUMPING SERVICE**

APPLICABLE:

To customers desiring service for irrigation and soil drainage pumping installations only. Service furnished under this schedule will be metered and billed separately at each point of delivery.

ANNUAL MINIMUM

An annual minimum of the monthly basic charge times 12 months, less amounts previously billed in the calendar year, will be assessed to all accounts. See the Customer Service Policy, Section K-5 for details regarding Removal of Idle Facilities.

MONTHLY BILLING:

The monthly billing shall be the sum of the Basic Charge and applicable Energy Charges.

BASIC CHARGE:

Single-phase service: (Rate Schedule 41)

Customer Charge:

Customer Charge
kWh Usage:

\$10.00 per month, 12 months per year
\$0.0770 per kWh for all kWh

Poly-phase (3 phase) service:

Customer Charge is:

30 hp or less (Rate Schedule 41T)
30.1 hp to 60 hp (Rate Schedule 41U)
60.1 hp & over (Rate Schedule 41V)

\$12.50 per month, April through September
\$32.50 per month, April through September
\$42.50 per month, April through September

kWh Usage:

\$0.0620 per kWh for all kWh

*NOTE: Monthly kW is the measured kW shown by or computed from the meter readings of the District's meter, or by appropriate test, for the 30-minute period of customer's greatest takings during the billing month, provided however, that for motors 10 hp or less, the monthly kW may, subject to confirmation by test, be determined from the name plate hp rating and the following table:

<u>If Motor size is:</u>	<u>Monthly kW is:</u>
3 hp or less	3 kW
Over 3 through 7 hp	7 kW
Over 7 through 10 hp	10 kW

In no case shall the kW of monthly kW be less than the average kW determined as:

$$\text{Average kW} = \frac{\text{kWh for billing month}}{\text{hours in billing month}}$$

SPECIAL CONDITIONS:

1. For new service, the District may require a written contract.
2. In the absence of a customer or applicant willing to contract for service, the District may remove its facilities.
3. Energy use may be carried forward, and billed in a subsequent billing month. However, energy will not be carried forward and charged for at a higher Price than was applicable for the billing months during which the energy was used.

AGRICULTURAL PUMPING SERVICE

4. Customers may "self-read" meters during the irrigation season and will be billed monthly for demand and energy charges rather than on a twice-yearly basis. Emerald PUD will furnish meter-reading cards to customers desiring to read their own meters.
5. A delinquency charge of 1.00% per month will be added to all unpaid bills. Unpaid accounts will not be connected at the beginning of the season, and a deposit may be required equal to the prior year's billings.

**SCHEDULE 48T
INDUSTRIAL SERVICE
1,000 KW AND OVER**

APPLICABLE:

This schedule is applicable to electric service loads, which have registered 1,000 kW or more, more than once in any consecutive 36-month period. Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed. Service for intermittent, partial requirements, or highly fluctuating loads, or where service is seasonally disconnected during any one-year period will be provided only by special contract for such service.

MONTHLY BILLING:

The monthly billing shall be the sum of the Customer, Demand, Energy, and Reactive Power Charges, plus applicable metering and delivery adjustments. Each individual meter has a specific price for the following components:

- Customer Charge:
- Demand Charge:
- Energy Charge
- Reactive Charge
- Distribution Charge:
- Primary Meter Discount if applicable:

Prices for each meter are listed at the end of this Price schedule.

Schedule 48T - Page 2
INDUSTRIAL SERVICE

MINIMUM CHARGE:

The minimum monthly charge shall be the basic charge. A higher minimum may be required by contract.

DEMAND:

The kW shown by or computed from the readings of Emerald's demand meter for the 30-minute period of customer's greatest use during the month, determined to the nearest kW.

POWER FACTOR ADJUSTMENT:

The customer agrees to maintain unity power factor as nearly as practicable. The district reserves the right to measure such power factor at any time. Should such measurement indicate that the average power factor is less than 97%, the demand for billing purposes may be increased by the percent, which the average power factor is less than 97% lagging.

PRIMARY METERING DISCOUNT:

Where the customer owns or controls the distribution system, including primaries, secondaries and transformers, a .00150 per kWh primary metering discount will be allowed where such energy is metered at one point of delivery and at primary voltage. The District will determine the point of delivery.

SPECIAL CONDITIONS:

Customer shall not resell electric service received from Emerald under provisions of this schedule, except by written permission of Emerald and where customer meters and bills any tenants at Emerald's regular tariff Price for the type of service which such tenant may actually receive.

TERM OF CONTRACT:

Emerald may require the customer to sign a written contract, which shall have a term of not less than one year.

RULES AND REGULATIONS:

EMERALD PEOPLE'S UTILITY DISTRICT

**SCHEDULE 49X
LARGE INDUSTRIAL SERVICE
OVER 9.9 AVERAGE MEGAWATTS**

APPLICABLE:

This schedule is applicable to electric service loads, that use 10 average megawatts or more in any consecutive 12-month period served under a separate contract for electric service.

MONTHLY BILLING

Monthly billings shall be in accordance with the contract provisions

POWER FACTOR ADJUSTMENT

The customer agrees to maintain unity power factor as nearly as practicable. The district reserves the right to measure such power factor at any time. Should such measurement indicate that the average power factor is less than 97%, the demand for billing purposes may be increased by the percent, which the average power factor is less than 97% lagging.

SPECIAL CONDITIONS:

Customer shall not resell electric service received from Emerald under provisions of this schedule, except by written permission of Emerald.

TERM OF CONTRACT:

Emerald shall require the customer to sign a written contract, which shall have a term of not less than one year.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

**SCHEDULE 51
HIGH PRESSURE SODIUM VAPOR STREET LIGHT SERVICE**

APPLICABLE:

To service furnished from dusk to dawn for the lighting of public streets, highways, alleys and parks by means of high-pressure sodium vapor street lights installed on distribution-type wood poles and served by overhead circuits. Streetlights will be served by either series or multiple circuits as Emerald may determine. The type and kind of fixtures and supports will be in accordance with Emerald's specifications. Service includes maintenance, energy, lamp and glassware renewals.

MONTHLY BILLING:

<u>High Pressure Sodium</u>	<u>Lumen Rating</u>	<u>Monthly kWh</u>	<u>Price per Lamp</u>
70 Watt (1)	5,800	31	\$ 8.70
100 Watt	9,500	44	\$ 9.55
200 Watt	22,000	85	\$14.85
250 Watt (1)	27,500	110	\$17.63
400 Watt	50,000	176	\$24.08

Decorative Lights

100 Watt	9,000	44	\$26.70
----------	-------	----	---------

(1) To standardize and keep costs down, new installations of these wattages will no longer be installed effective June 8, 2009.

CHARGES INCLUDE: An energy rate at 3.360 cents per kWh and a utility maintenance & ownership fee.

HIGH PRESSURE SODIUM VAPOR STREET LIGHT SERVICE

SPECIAL PROVISIONS:

1. Emerald will replace individually burned-out or broken lamps as soon as practicable after notification by customer.
2. Street lighting service under other conditions and for street lights of sizes and types not specified herein will be considered under special contract.
3. Emerald may require customer participation in the cost of installing circuit to render street lighting service when the length of such circuit from a source of suitable voltage on Emerald's system to the point of connection with the proposed street light or street lighting system is in excess of 300 feet.
4. Emerald may not be required to furnish service hereunder to other than municipal customers.
5. The customer may request temporary suspension of power for lighting by written notice. During such periods, the monthly Price will be reduced by Emerald's estimated average monthly relamping and energy costs for the luminaries. Emerald will not be required to reestablish such service under this Price schedule if service has been permanently discontinued by customer.

TERM OF CONTRACT: Not less than one year.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

**OPTIONAL SCHEDULE 54
RECREATIONAL FIELD LIGHTING - RESTRICTED**

APPLICABLE:

To schools, governmental agencies and nonprofit organizations for service supplied through one meter at one point of delivery and used exclusively for annually recurring seasonal lighting of outdoor athletic or recreational fields. This schedule is not applicable to any enterprise, which is operated for profit. Service for purposes other than recreational field lighting may not be combined with such field lighting for billing purposes under this schedule. At customer's option, service for recreational field lighting may be taken under Emerald's applicable General Service Schedule.

ENERGY CHARGE:

Customer Charge: \$10.00 per month
kWh Usage: \$.0716 per kWh for all kWh

MINIMUM CHARGE:

The minimum monthly charge shall be \$10.00

SPECIAL CONDITIONS:

Customer shall own all poles, wire and other distribution facilities beyond Emerald's point of delivery. Emerald will supply one transformer, or transformer bank, for each athletic recreational field; any additional transformers required shall be supplied and owned by customer. All transformers owned by customer must be properly fused and of such types and characteristics as conform to Emerald's standards. When service is supplied to more than one transformer or transformer bank, Emerald may meter such an installation at primary voltage.

Schedule 54 - Page 2

RECREATIONAL FILED LIGHTING SERVICE

CONTINUING SERVICE:

This schedule is based on continuing service at each service location. Disconnect and reconnect transactions shall not operate to relieve a customer from monthly minimum charges.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

RULES AND REGULATIONS

This schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

EMERALD PEOPLE'S UTILITY DISTRICT

**SCHEDULE 88 M2
LINE EXTENSION CREDIT**

APPLICABLE:

An existing customer whose demand in the past 12 months has been a minimum of 1,000 KW and had annual energy consumption equal to or greater than 2.4 million kWh qualifies for Rate Schedule 88 M2 if the additional load is at their existing point of delivery. New service or additional load at new points of delivery do not qualify, and are referred to the Line Extension Policy.

RULES AND REGULATIONS

Customer is required to pay the line extension costs in accordance with the Line Extension Policy in existence at the time the project contract is signed.

FORMULA FOR RATE CREDIT

The estimated line extension credit will be calculated by dividing the annual estimated kWh sales from the new load divided by the line extension cost and offered as a monthly credit to the distribution charge. The credit will be applied to all kWh usage greater than the average monthly use during the twelve months just prior to the new load coming on line. The credit shall be in effect for no longer than twelve months and will start when the construction has been completed and shall be capped at an amount not to exceed the final line extension cost.

This schedule is subject to the General Rules and Regulations contained in the Board Policy of which this schedule is a part.

Adopted by the Board of Directors with Resolution 2006-13 on December 12, 2006, and amended April 28, 2009.
